ABOUT US

Introducing RentMyHouse.co.uk, a premium directory listing site that helps Owners of short stay Serviced Accommodation find potential guests who book direct and commission free!

Learn how our platform can boost your property's visibility and increase your direct bookings.

CONNECTING OWNERS AND GUESTS

Most bookings for property owners primarily originate from major online travel agencies (OTAs) that charge commission fees. Have you considered reaching out to guests directly instead? RentMyHouse provides you with the chance to do just that...

WHY WOULD A GUEST CHOOSE TO BOOK DIRECT?

Owners might hesitate about direct bookings as an option, fearing guests might not choose this route. However, based on our experience, guests are increasingly bypassing OTAs and opting for direct bookings with owners. By doing so, guests often save money by avoiding fees and can negotiate competitive rates. Moreover, guests appreciate the personalised service owners provide, fostering trust, appreciation, and encouraging return visits
